

# Town of Byron NEWSLETTER

Volume 1, Number 42 Fall 2016

## From the Supervisor's Desk

Hope everyone is enjoying this good hot summer!

Things are still busy at the Town Hall; we have some preliminary findings for our outdated highway garage. Nothing fancy, just something that is SAFE and economical to operate. I wasn't around when the current building was built, but they tell me it was built in the 1950's, so it sure has served its purpose for a very long time. But it is time to move on, more exciting news to come.

Water District 6 (Cockram Road East and North Byron Road) is complete and the contractor will be back to repair the rest of the grass. We are moving along with Water District 7 with the well tests just completed. Income surveys were sent out for Water Districts 8, 9 and 10. We are waiting for the response forms to be returned.

It is currently budget time and it sure is a tough one. To keep the transfer station going we had to raise the prices slightly. Hope this doesn't inconvenience anyone, but at least our town still has a transfer station, when other towns have either shut theirs down or are thinking of doing so.

As always, our monthly meetings are the second Wednesday of the month at 7 pm. Please try to attend, this is your Town.

Respectfully, Peter Yasses, Town Supervisor

## Town Clerk

As summer has come to an end, I would like to take this opportunity to thank our wonderful Summer Youth Recreation Program staff - Emily VanEenwyk, Leah Catalino and Nathan Knickerbocker. They have done a wonderful job running the summer program and we greatly appreciate all their hard work and dedication.

The Town of Byron's 200th birthday is only four years away (2020). Anyone with any ideas they would like to see for the Town's celebration can contact me at 548-7123 ext. 10. This is your hometown and we would like to have your input!

Please remember to license your dogs. Licensing is necessary to ensure that dogs have proper rabies vaccinations, which without, could be a detriment to the community. ALL dogs age 4 months and older need to be licensed with the Town Clerk. If you are found not to be in compliance, you will be issued an Appearance Ticket to appear in Town Court.

Debra Buck-Leaton, Town Clerk

# Highway Superintendent

Hello. It's hard to believe that it is already September. Since the scope of this newsletter extends into November and part of December, it's already time to start thinking about the winter season. Please check your mailboxes and make the necessary repairs for it to withstand another winter. Another thing to keep in mind in the next couple of months is to remove and store your summer lawn ornaments. When we are out plowing often times things get covered with snow and we can't remember where everyone left everything. So please store your solar lights, gnomes, planter boxes, etc., etc. from the road right of way. If something is too heavy or is left off the right of way that would be of concern please mark it with a driveway marker.

The other thing I would like to bring to your attention are tree limbs encroaching onto the highway. I've stopped and talked to a few homeowners and will be approaching more in the near future. When the weather cools down and we're caught up on road projects, we will be around trimming. If you have something near the road that's of question, please call the office and we can come take a look at it.

Respectfully,  
Brian

## **The R.E.D. (Read Every Day) Express is coming to Byron-Bergen**

A committee representing the Byron-Bergen School District, the Byron and Bergen Communities, and the Byron-Bergen Library is partnering up with the Richter Family Foundation to bring the Imagination Library to our children. This program was started by Dolly Parton for her own community, and has grown to include every state in the nation, the UK, Canada and Australia. We are seeking funding support for this project from community organizations, businesses and individuals.

Children from birth to age 5 receive an age appropriate book each month. These books are sent at absolutely no cost to the family. The goal is to excite children about books, and for them to feel the magic books can create by mailing high quality, age-appropriate books directly to their homes.

One hundred percent (100%) of all donations will be used for books and mailing for children residing in the Byron-Bergen School District; no funds are ever used for any other purpose. All parents are required to do is register their child (children) ages birth to 4 years 10 months. Names and addresses will only be used for the purpose of mailing books, and will remain secure.

Any contribution you can make to this program would enable us to share books with our young children, and help prepare them to enjoy and benefit from the gift of books; it will make a positive difference in their lives and enrich our community.

We are excited about this program being part of the lives of our youngest learners, and for you to participate with us through your donation. Please feel free to contact us with any questions or concerns. Registration forms are available at the Byron Town Hall.

Thank you for considering supporting this program.

## **Livingston-Genesee Access for Veterans Program**

Genesee Valley Rural Preservation Council, Inc. is pleased to announce a new and exciting program - Livingston-Genesee Access for Veterans.

This is a new program to assist disabled permanently certified Veterans with service related disabilities who may need accessibility modifications in their home. The Veteran must reside in a single family home in either Livingston or Genesee County.

Accessibility modifications may include, but are not limited to wheelchair ramps and lifts; roll in showers; non-skid flooring, and much more.

Information and applications may be obtained at the Town Clerk's Office.

# Genesee County Legislator, Robert Bausch

The County Legislature has a variety of projects in progress at any given time. The following is an update of some of the most significant projects currently before the legislature. Many of these have been discussed in previous newsletters.

The nursing home sale is still pending final state approval. The state has approved part of the project, but is still reviewing the domiciliary care service. Hopefully the review process and sale will be completed by year end. The county continues to lose money on the nursing home, so the sale cannot come quickly enough.

The county water agency purchases a significant amount of water from Monroe County and this contract requires an update. The biggest issue is increasing the capacity on the east side of the county where there is limited excess capacity. Another issue is on the west side of the county where the water comes from Erie County and the cost is significantly higher. Also, there is an additional need for water at the STAMP project in the Town of Alabama.

The county sales tax agreement with the City of Batavia, the towns and villages expires next year. Currently, the 4% county sales tax is shared with the county retaining 50%, the city receiving 16% and the towns and villages splitting the remaining 34%. Sharing county sales tax with other municipalities is a unique arrangement. A committee has been established and is meeting to determine the best formula for all municipalities.

Maintenance of all 384 bridges and culverts in the county that exceed 5 feet in length, including some on state highways, is the county's responsibility. Many are significantly past their normal life expectancy. A study was performed earlier this year to determine the status of each and develop a plan to replace or upgrade them. The study recommended that the county budget a minimum of \$3 million dollars per year to begin addressing the problem and to stay current. The legislature is taking this issue very seriously because it affects the lives of all county residents on a daily basis.

The county's new emergency notification app, Ready Genesee, is now up and running and has been used to instantly notify county residents of a number of emergencies this summer. If you have not signed up yet, please do so. Information is available throughout the county, including at the libraries, to assist you in enrolling.

As always, if you have a concern, please contact me at your convenience.

## Byron Cemetery Association

The Byron Cemetery is an old historic cemetery that was started in 1815; although there are graves that indicate even earlier burials may have occurred. This year has been a busy year for the cemetery as we have been working very hard to straighten and repair many of the older tombstones in the cemetery. Board member Dave Leaton Jr. has been hard at work all summer putting the tombstones back in line and repairing many of the broken limestone markers in both the Byron Cemetery and the abandoned Sodom Cemetery. The cemetery looks much better with the tombstones standing straight and not broken.

By taking advantage of the weekenders program of the Genesee County Sheriffs' department we have been able to trim the shrubs that grow in the cemetery, pressure wash a large number of tombstones, and

*Continued on next page...*

backfill around many of the stones that have been straightened or repaired. They have also helped Dave clear much of the brush that grew around the outside of the old sections of the cemetery and haul it away. We hope to wash all the stones in the future, but with over 3,000 stones it will take a while.

We have been mowing the entire cemetery after we lost the contractor that mowed the old section and a group of Byron Firemen have helped by doing some of the weedwacking.

The cemetery has plenty of room in the new section. If you have any concerns or questions or wish to buy a plot please contact either Donna Durand at 585-813-2591 or John Durand at 585-813-3531.

## **Byron Cemetery Association**

The Byron Cemetery recently had some improvements made and it looks great! We are truly grateful to Dave Leaton and John Durand for their efforts in several areas. The brush and trees on the west side of the cemetery were trimmed back. Several grave stones that were tipping have been leveled. Repairs were made to numerous broken grave stones. Several stones were lined up to assist with mowing the lawn.

John coordinated with the Sherriff's Department to provide community service workers who trimmed weeds and bushes, washed grave stones and back filled grave stones.

A lot of work has to be done to keep the cemetery looking nice. Thanks again to Dave and John for the improvements that you have made to the Byron Cemetery.

If you are interested in a cemetery plot, contact John or Donna Durand for more information. They can show you eligible plots and explain plot and burial prices. Preplanning now makes fewer decisions for your family during a time of grief.

Reminder ~ Please remove all urns and decorations from graves by October 1st.

### **South Byron High School**

The South Byron High School was originally a three-room school. It housed students in grades 1st through 10th grades. It consisted of a Primary room for grades 1-3, an Intermediate room for grades 4-6 grades, and a large room, supervised by a Principal, for grades 7-10. Upon completion of the 10th grade, students continued their final two years of High School either in Batavia, Bergen, or Elba, depending upon which one was nearer to their homes. Many traveled to Batavia and Bergen by train.

The South Byron High School was created by consolidating District #3 and District #4 of Byron along with District #8 of Stafford in 1916. It was bonded for the sum of \$10,000 to remodel old school and build an

addition. At this time a complete educational program was offered for grades one through twelve. In 1917 spent \$3,000 to build the gymnasium. In 1926 \$5,000 for heating system and new toilets and water system. The high school was located in South Byron on Route 237(Byron-Holley Rd) to the north of the Methodist Church.

There were thirty-four graduating classes from 1918 to 1951. The first graduating class in 1918 consisted of one graduate. South Byron High School graduated approximately 441 students from 1918 to 1951. Students were required to attend 180 days of school, just like today.

There were only three Principals from 1917 to 1951. Mr. George A. Barber served from September 1917 to December 1929, his wife Mrs. Eva S. Barber served from January 1930 to June 1946, and Mr. Ward G. Legg served July 1946 to June 1951.

The South Byron High School Alma Mater was as follows:

Rally to our dear old high school,  
Spread abroad her fame.  
May her sons and daughters ever  
Honor her fair name.  
Chorus: Shout the name of S. B. H. S.  
Raise your voices all!  
Ever upward were her standard;  
Never let it fall.  
As we part to take our places  
On life's broad highways,  
We shall turn with loving memories  
To our past school days.

After the consolidation of Byron and Bergen High Schools in 1951 the building was used to house grades 3-6. After the current Byron-Bergen Elementary School was built in 1970, the building was rented by BOCES for several years, but later sold at auction to the South Byron Fire Company.

In the South Byron High School 1917-1927 Anniversary Booklet on the Foreword page:

“An Education is the heritage that this generation owes the future generation.”

“Education increases the opportunities for greater success, for higher enjoyment and for a richer, fuller life. Without education your child's life may be one of drudgery without compensation; a life of only limited enjoyment of the best in the home, in business, in literature and art; a life shorn of its greatest usefulness and influence among neighbors and friends, a life with only limited opportunity and ability for service.”

Prayer of a Teacher  
by Dorothy Littlewort

Father, between Thy strong hands Thou hast bent

The clay but roughly into shape, and lent  
To me the task of smoothing where I may  
And Fashioning to a gentler form Thy clay.  
To see some hidden beauty Thou hadst planned,  
Slowly revealed beneath my laboring hand;  
Sometime to help a twisted thing to grow  
More straight; this is full recompense, and so  
I give Thee but the praise that Thou wouldst ask...  
Firm hand and high heart for the further task.

The information for this article was gathered from the 1917-1927 South Byron High School Anniversary book, 1951 Subway Yearbook, 1970 Byron Centennial Book, and the 1995 Byron Sesquicentennial book. The 1951 Subway Yearbook is the only know yearbook for South Byron High School. This yearbook was a project of the graduating class of 1951. These books are available for you to read at the Byron Museum.

The museum also has on display photos of every graduating year from 1918 to 1951.

The yearbooks at the museum are from 1951 to 2011. The Byron Museum is in need of the following yearbooks for their collection: 1981, 1982, 1983, 1988, 1991, 2012, 2013, 2014, and 2015.

### **Elections of 1803**

Byron was not established until April 4, 1820. The earliest election in the newly formed Genesee County was held in the Town of Batavia in 1803.

The following article appeared in the commemorative booklet: "The Sesquicentennial of Genesee County New York 1802-1952." This booklet has been written and compiled under the authorization of the Sesquicentennial Committee. The celebration was held on May 18 through May 24, 1952 in Batavia, mostly at Batavia Downs.

### **They Came Out to Vote in 1803**

The first political election in the Town of Batavia, which comprised the Holland Purchase, brought out almost 100% of the voters. For many, this required a day's trip over rough trails.

The event occurred on March 1, 1803. Peter Vandeventer had just cleared an area ("just enough," one old settler said, "to keep the trees from falling on his house") and built a log tavern.

Although it was 100 miles from the most distant portion of the new county, Vandeventer's tavern was centrally located among the established communities - hence was chosen as polling place. New Amsterdam was 22 miles west, and the East Transit community 25 miles east.

*Continued from previous page ...*

There was considerable rivalry between the eastern and western parts of the town, and the small tavern soon was overflowing. Enos Kellogg, one of the commissioners to organize the town, sensibly moved the poll to the middle of the road.

Kellogg announced that Peter Vandeventer, the landlord, and Jotham Bemis of Batavia Village, were candidates for supervisor.

Amzi Wright of Attica, who was present, has left a description of the procedure. Kellogg placed Vandeventer and Bemis side by side in the road, facing south.

"Now," said Kellogg, "all of you in favor of Peter Vandeventer for supervisor of the Town of Batavia take your places in line on his left and you that are in favor of Jotham Bemis take your places on his right."

The voters obeyed - Bemis' line stretching along the road to Batavia and Vandeventer's toward Buffalo. The commissioner counted them, standing 74 on Vandeventer's left and 70 on Bemis' right. Vandeventer was declared elected.

A number of lesser officers were elected even more simply - by uplifted hands.

Among ordinances approved at this first election was a bounty of \$5.00 for wolf-scalps, "Whelps half price," and a dollar each for slaughtered foxes and wildcats.

This business successfully dispatched, the voters headed their lonely ways to the four corners of the vast country. A century and a half later, voters find it too much trouble to drive to the corner on Election Day.

## Byron-Bergen Public Library

This year's summer reading program "On your Mark -Get Set -Read" was a success!!! Over 220 children participated by reading more than 1,820 books!

This year we had a Teen/Adult reading program too! Over 42 people participated and read over 216 books!! The Basket winner was Robin Day!

Thank you to all our junior volunteers! Our junior volunteers gave up 180 hours to help with our summer reading program! They won fun prizes every week - tickets from Seabreeze, Sky Zone, Lasertron, and Darien Lake Amusement Park. We couldn't have done it without your help!

Thank you for your continued support of our summer reading program: Demo's Truck Parts, Greg'ry's Bakery, Liberty Pumps, Harris Wilcox Inc., Seabreeze Amusement Park, Tops Friendly Markets of Leroy, Lift Bridge Bookstore of Brockport, Target of Batavia, Wal-Mart of Brockport, Rochester Museum and Science Center, Sky Zone Trampoline Park, Lasertron, Darien Lake Amusement Park, and Batavia Muckdogs. Without the generous donations of these merchants, our summer reading program wouldn't be possible.

Congratulations to Dayanara Caballero on winning the Friends of the Library Christopher and Victoria Claus Memorial Award. She won the \$50 award for writing a book review on a book she enjoyed reading this summer. Dayanara will also get her name put on a plaque in the Library. Honorable Mentions were Kendall Phillips and Fiona Burke. They each received \$25 awards. Thank you, Laurie Claus for presenting the awards this year.
